

Great Falls Model Railroad Club Modeler's Forum Square Footer Contest

The square footer contest will be open to all club members and we will have two classes for entrants:

- Novice – Anyone who has never entered a prior square footer contest.
- Master – Anyone who has entered a prior square footer contest.

Note: the organizers reserve the right to categorize entrants of known ability as “Master”, even if they have never previously entered a Square Footer contest.

RULES

A square footer entry may be in any scale.

Entries may be any type of model/display/structure or diorama; your imagination is the only restriction. A railroad theme is suggested, but is not a requirement.

Entries must be constructed on a 12” x 12” base; **NO** part of the entry may protrude beyond the base boundary on any side.

There is no height limit for entries.

All entries must be brought to the clubhouse **prior to** the opening of ExTRAINaganza 2023 (Saturday, November 18th).

Winners in each class will be chosen by a People's Choice vote at ExTRAINaganza, and announced at the close of the event on Sunday, November 26th.
